## DBE Schedule C1 & Intent to Perform (Material Supplier)

1.2025

# DBE Schedule C1 & Intent to Perform (Material Supplier)

The contractor **MUST** submit a completed **DBE Schedule C1 & Intent to Perform (Material Supplier)** form with their bid submission when a goal has been assigned or when utilizing subcontractors for material supplies (i.e., Manufacturer, Regular Dealer, or Distributor). **The form will be completed and signed by the Contractor.**

The dollar or percentage listed in the Schedule C to the subcontractor (DBE/non-DBE) is the percentage based on the overall contract value.

**NOTE:** This percentage may fluctuate throughout the contract if the overall contract value is changed during contract modifications. Contractors **MUST** keep up with the impact this will have on meeting the committed contract DBE goal.

The DBEs selected for subcontracting **MUST** be responsible for the management and supervision of the entire operation for which it is subcontracted to perform, and there cannot be a contrived arrangement for the purpose of meeting the contract DBE goal or contract goal committed to the DBE.

**Reference Exhibit D, Section 3(g) (Credit Towards The Contract Goal), which addresses how the contractor may count towards the DBE goal when using a DBE for material supplies.**

**Disclaimer: If you are completing this as a result of an active contract or procurement, ensure that the purchaser, contract administrator, and/or project manager are copied.**

# DBE Schedule C1 & Intent to Perform (Material Supplier)

The Schedule C form for **Material Suppliers** is used to document a DBE and non-DBE subcontractor's participation in service that are related to material supplies.

Under Material Supplier the Contractor may only count a certain percentage of the overall dollar amount or percentage given to the DBE subcontractor. The DBE Credits applied are as follows:

## **Material Supplier Type: Manufacturer (MFG) (100% Credit)**

**Ex.** DBE is an MFG and committed to receive \$100, then \$100 or the percentage of this amount based on the overall contract value may be counted towards the DBE goal.

## **Regular Dealer (RD) (60% Credit)**

**Ex.** DBE is an RD and committed to receive \$100, then only \$60 or the percentage of this amount based on the overall contract value may be counted towards the DBE goal.

## **Distributor (D) (40% Credit or Fees/Commission)**

**Ex.** DBE is an MFG and committed to receive \$100, then \$40 or the percentage of this amount based on the overall contract value may be counted towards the DBE goal. ***The same applies for commission.***

**(NOTE: Complete the Regular Dealer/Distributor Affirmation Form when determining the percentage (%) of the total commitment to a DBE that can be counted for credit.)**
