Reserve, Allocated & Restricted Funds

Notes:

- Additional funding was allocated to the statutory operating and budget stabilization reserves based on the board approved funding formula. The statutory operating reserve equals 2 months of audited FY2020 operating expenses. Contributions to the budget stabilization reserve began in February 2016 with \$7 million reserved in FY2016 and \$3 million in FY2017. An additional contribution was made in FY2018 to fully fund the budget stabilization reserve. The capital expansion fund was established in FY2018 with \$9.6 million, \$30.4 million in FY2019 and \$10 million in both FY2020 and FY2021 as Capital Metro looks forward to future needs in the region. The \$60 million capital expansion fund balance was tranferred to the Austin Transit Partnership in June 2021 for implementation of the Project Connect System Plan.
- Funds for capital investment are required to help address extensive capital needs. The capital budget for FY2021 is \$106.4 million, with \$47.7 million funded by FY2021 income and \$58.7 million from reserves. These capital improvements are needed to maintain the state of good repair of the community's transit infrastructure and to be in compliance with Federal regulations. The City of Austin Mobility Fund was reduced by \$6 million in FY2019 to assist with Project Connect preliminary engineering and environmental analysis and by \$2.8 million from City projects in FY2020.
