# Reserve, Allocated & Restricted Funds

## Reserve Funds

## Allocated & Restricted Funds

### Notes:

- Additional funding was allocated to the statutory operating and budget stabilization reserves based on the board-approved funding formula. The statutory operating reserve equals 2 months of audited FY2024 operating expenses. Contributions to the budget stabilization reserve began in February 2016 with \$7 million reserved in FY2016 and \$3 million in FY2017. An additional contribution was made in FY2018 to fully fund the budget stabilization reserve. The sustainability capital fund was established in FY2022 with \$10 million to support CapMetro's Sustainability Vision Plan. In March 2022, a regional partnership with small-member cities and a \$10 million Transit Supportive Infrastructure Fund was established. A \$100 million Facility Reserve and a \$50 million Vehicle Reserve were established in FY2025 as CapMetro addresses the largest needs of the agency.
- Funds for capital investment are required to help address extensive capital needs. The capital budget for FY2026 is \$155.0 million, with \$106.3 million funded by FY2026 income and \$48.7 million from capital contributions and grants. These capital improvements are needed to maintain the state of good repair of the community's transit infrastructure and to be in compliance with Federal regulations. The FY2026 capital budget also contains CapMetro held contracts of the Project Connect program of projects. The City of Austin Mobility Fund was reduced by \$604 thousand from projects in FY2025.

# Capital Projects Summary

FY2026 in \$'000	Expended	Outstanding Commitments	Original Budget	Revised Budget	Expended & Committed as % of Revised Budget		Comments
