Total	\$243.8	\$287.1	84.9%	

Reserve, Allocated & Restricted Funds

Reserve Funds

Allocated & Restricted Funds

Notes:

- Additional funding was allocated to the statutory operating and budget stabilization reserves based on the board approved funding formula. The statutory operating reserve equals 2 months of estimated FY2019 operating expenses. Contributions to the budget stabilization reserve began in February 2016 with \$7 million reserved in FY2016 and \$3 million in FY2017. An additional contribution of \$9.8 million was made in FY2018 to fully fund the budget stabilization reserve. The capital expansion fund was established in FY2018 with \$9.6 million reserved along with an additional \$30.4 million from FY2019 as Capital Metro looks forward to future needs in the region.
- Funds for capital investment are required to help address extensive capital needs. The capital budget for FY2020 is \$111.8 million, with \$67.2 million funded by FY2020 income and \$44.6 million from reserves. Due to project delays, \$22 million of the FY2019 capital budget was carried forward to FY2020. These capital improvements are needed to maintain the state of good repair of the community's transit infrastructure and to be in compliance with Federal regulations. The City of Austin Mobility Fund was reduced by \$6 million in FY2019 to assist with Project Connect preliminary engineering and environmental analysis and by \$1.6 million with a payment in November 2019.

Capital Projects Summary

\$'000 Project Category	Expended	Outstanding Commitments	Budget	Expended & Committed as % of Budget	Comments
Commuter Rail	\$10,651	\$4,908	\$22,060	70.5%	Positive Train Control and Track Undercutting
