

Help Shape Project Connect

Central Texas is rapidly changing. Our population just hit 2 million and it's projected to double by 2040. In that same time, road capacity is expected to increase by only 15 percent. We need a change.

Help us get there by participating in public meetings, workshops and visiting the [Project Connect website](#). Capital Metro is relying on you to shape the future of transportation in Central Texas.

Thank You for Joining Us at Blue Line Corridor Workshops

Thank you to the community members who came to help us evaluate alternatives for the Blue Line Corridor, a proposed transitway that could connect the Austin Community College (ACC) Highland Campus through Downtown Austin to the Austin Bergstrom International Airport (ABIA). Stay tuned to the Project Connect website for more opportunities to engage.

** For illustrative purposes. Proposed station locations subject to change, as well as alignment, and map not to scale*

Project Connect Community Office Open to the Public
