TITLE: Access Advisory Committee
Approval of a resolution authorizing the President & CEO, or his designee, to exercise the third 12-month renewal option for the Smart Trips Austin Interlocal Agreement (ILA) between the City of Austin and Capital Metro for an amount not to exceed $150,000.
SUBJECT:
Approval of a resolution authorizing the President & CEO, or his designee, to exercise the third 12-month renewal option for the Smart Trips Austin Interlocal Agreement (ILA) between the City of Austin and Capital Metro for an amount not to exceed $150,000.

FISCAL IMPACT:
Capital Metro will continue to contribute up to $150,000 annually. Funding for this action is available in the FY2021 and FY2022 Operating Budgets.

STRATEGIC PLAN:
Strategic Goal Alignment:
4. Demonstrate the value of public transportation to deliver a plan for future mobility.

Strategic Objectives:
4.1.01 – Develop and implement communication/messaging strategy to convey Value of Transit.
4.1.02 – Develop community engagement plan to address perceptions and build value in the community for Capital Metro and public transportation.
4.2.02 – Promote and encourage use of public transportation with the business community/employers through MetroWorks, Transit Adventures and other programs to build ridership.
4.2.04 – Participate in the public/private transit initiatives, e.g., CAMPO 2045, CARTS Eastside Plaza, TXDOT right-of-way agreements, etc. to increase relevance and value of public transportation.
4.3.03 – Continue SmartTrips program with City of Austin to promote mode shift to transit and reduce drive alone travel.

EXPLANATION OF STRATEGIC ALIGNMENT:
Smart Trips Austin is a transportation demand management program and collaboration between the City of Austin and Capital Metro that actively engages households in targeted neighborhoods in an effort to reduce Single-Occupancy Vehicle (SOV) trips and increase trips by walking, biking, carpooling and transit. Those who participate in the program will walk away with a greater understanding of Capital Metro services, our ticketing systems and routes. Additionally, they will be encouraged to try transit in the context of community events with neighbors, rather than simply as a work commute solution. Further, private sector partners will be engaged through events, discounts, and by promoting transit alternatives available in the market. Those who do NOT participate in the program will be made more aware of transit services through direct mail, social media and word-of-mouth marketing.
BUSINESS CASE:
During the program, Smart Trips respondents have reported a 2.5 – 6.7 percentage point increase in transit use and a 3.3 – 5.4% decrease in SOV trips. Continuing funding for this program will increase outreach as COVID subsides and citizens reconsider their commuting behaviors.

COMMITTEE RECOMMENDATION: This item was presented and recommended for approval at the Operations, Planning and Safety Committee on February 10, 2021.

EXECUTIVE SUMMARY:
This ILA renewal is between Capital Metro and the City of Austin, who work together on the City's Smart Trips program. Smart Trips is an active transportation encouragement program that aims to reduce single occupant vehicle trips and increase trips taken by foot, bike, bus or shared car within target neighborhood areas.

In 2017, Capital Metro and the City of Austin agreed to host the program through April 30, 2019, with the option of up to three additional 12-month renewal periods, and to split the annual program production costs by making annual contributions of up to $150,000 each. This ILA renewal allows Capital Metro to exercise the third 12-month renewal option for the Smart Trips Austin ILA between the city of Austin and Capital Metro.

FISCAL IMPACT:
Funding for this action is available in the FY2021 Capital Budget.

STRATEGIC PLAN:
Strategic Goal Alignment:
3. Sustainability

Strategic Objectives
3.1 Resource Optimization
3.2 Safety Culture

EXPLANATION OF STRATEGIC ALIGNMENT:
There are 127 bridges in Capital Metro’s ROW from Giddings to Marble Falls. Most of the bridges are 100 years of age and need constant repairs or replacement. The goal of replacing four short span bridges with resized reinforced concrete box culverts is to upgrade the cross-drainage to avoid inundation of stormwater near the structures due to increased drainage flows caused by the development along the railroad right of way, thereby supporting the agency’s goal for providing a safe transit service, high quality customer experience and encouraging increased ridership.

BUSINESS CASE:
The Capital Metro Board has adopted service standards that include providing a safe transit service and positive customer experience and increased ridership. Capital Metro is continuing the ‘State of Good Repair’ program for track and bridges and intends to enter into a contract to replace four short span bridges with RCBCs. The funding for this contract is included in the FY 2021 budget and the Five-Year capital improvement plan.

COMMITTEE RECOMMENDATION:
This item was presented and recommended for approval at the Operations, Planning and Safety Committee on February 10, 2021.
EXECUTIVE SUMMARY:
In 2020, Capital Metro began working on a condition assessment and recommended replacement of short span bridges with box-culverts as part of its State of Good Repair program and full compliance with the Board adopted safety standards and reliability of transit service. The agency continues to provide additional condition assessments of bridges to ensure a safe and reliable commuter rail transit service. This contract period of performance is 214 Calendar days.

DBE/SBE PARTICIPATION:
The SBE goal is 9%. The prime contractor will exceed the goal utilizing the SBE subcontractors.

PROCUREMENT: On November 23, 2020, an Invitation for Bid was issued and formally advertised. By the closing date of December 23, 2020, three (3) bids were received. Bids were rated based on the lowest priced responsive and responsible bidder. Capital Metro reviewed the pricing and determined that it was fair and reasonable based on adequate competition. The contract term is for 214 calendar days.

RESPONSIBLE DEPARTMENT: Rail Operations
WHEREAS, the Capital Metropolitan Transportation Authority Board of Directors and Capital Metro management endeavor to provide the best customer experience and to better serve Central Texas residents; and

WHEREAS, the Capital Metropolitan Transportation Authority Board of Directors and Capital Metro management recognize the need to acquire contract services for replacement of four bridges with reinforced concrete box culverts.

NOW, THEREFORE, BE IT RESOLVED by the Capital Metropolitan Transportation Authority Board of Directors that the President & CEO, or his designee, is authorized to finalize and execute a contract with Herzog Contracting Corp. for replacement of four bridges with reinforced concrete box-culverts (RCBCs) in the amount of $1,597,506, plus $159,750 (10%) contingency for a total not to exceed amount of $1,757,256.

FISCAL IMPACT:

Funding for this action is available in the FY2021 operating budget.

STRATEGIC PLAN:

Strategic Goal Alignment:
1. Deliver the best possible customer experience

Strategic Objectives:
1.3 Ensure an attractive and accessible transit environment

EXPLANATION OF STRATEGIC ALIGNMENT: Ongoing janitorial services contributes to a healthy, attractive and accessible transit environment.

BUSINESS CASE: All Capital Metro’s facilities, including Administrative buildings, Park and Rides, Transit Centers and Rail Stations require regular cleaning services to ensure healthy and environmentally sound facilities.

COMMITTEE RECOMMENDATION: This agenda item was presented and is recommended for approval by the Operations, Planning, and Safety Committee on February 10, 2021.

EXECUTIVE SUMMARY: The services provided under the contract include the day-to-day janitorial services and recycling services as needed for all Capital Metro properties.

Capital Metro properties include administration buildings, bus maintenance buildings, park and rides, transit centers, transfer stations, rail stations, BRT stations and rail maintenance buildings.

Simply Klean LLC is the current provider of janitorial services at Capital Metro facilities. Capital Metro has been satisfied with their services, particularly with their additional efforts during the pandemic.

SBE PARTICIPATION: The SBE goal is 12%. The prime contractor is a certified Small Business Enterprise and will exceed the goal by self-performing the entire contract.
PROCUREMENT: On December 2, 2020 a Request for Proposals was issued and formally advertised. By the closing date of January 4, 2021 eight proposals were received. Proposals were evaluated based on the following factors:

1. The offeror’s demonstrated understanding of the project undertaking, including the number of sites and differing site conditions and requirements at these sites, and the proposed plan for the performance of the work and the technical approach proposed by the offeror at each of these sites or groups of sites.
2. The janitorial qualifications, experience and past performance of the firm.
3. Methodology and quality of the work plan proposed for the various sites to meet project objectives.
4. The offeror’s demonstrated technical background, past performance and experience on janitorial projects of a similar size, scope, complexity and nature; and capabilities of the proposed project personnel.

The proposal from Simply Klean LLC was rated highest, all factors considered. The price was determined to be fair and reasonable based on adequate competition. The contract is a fixed price contract. The term of the contract is two base years with three option periods of one year each.

Total amount of award: $4,830,000.01.
